

DYNAMIC BUSINESS ASSISTANT

with Intent Agent

Let A.I. Work For You

Metallic's ***Dynamic Business Assistant*** is a state-of-the-art A.I. assistant specifically designed to meet the needs of medium-to-small businesses and franchise organizations. More than a chatbot, it is a full-featured, 24X7 intelligent representative for your business. Trained with detailed knowledge of your products and services, it promotes your business, answers customers questions, schedules appointments and follows-up on every visit. And with Metallic's custom Intent Agent, your new assistant understands your customers' intent - often before they do.
